It's a Honda

Congratulations on purchasing a quality Honda Certified Pre-Owned Vehicle.

Your Honda dealer is the best place to buy a quality Honda Pre-Owned Vehicle. Your vehicle has been inspected and certified and is backed by a 7-year/100,000-total-odometer-miles* Honda Certified Pre-Owned Vehicle Limited Warranty on the Powertrain and a 12-month/12,000-mile* Non-Powertrain Limited Warranty.

* Whichever occurs first, from original in-service date.

This booklet will help you understand the terms and limitations of your warranty. Most important, we hope you get years of enjoyment from your Certified Pre-Owned Honda.

Isn't that the best part of owning a Honda?

Period of Coverages

Your Honda Certified Pre-Owned Vehicle is covered by the following Honda Certified Pre-Owned Vehicle Limited Warranty:

- **Eligible Vehicles:** Current model year and up to 5 previous model years with 80,000 miles or fewer at time of certification.
- **Powertrain Coverage:** 7 years or 100,000 total odometer miles (whichever occurs first) from original in-service date.
- **Non-Powertrain Coverage:** Effective during the first 12 months or 12,000 miles (whichever occurs first) after the new-vehicle warranty expires, or the first 12 months or 12,000 miles (whichever occurs first) from the date of sale of the Honda Certified Pre-Owned Vehicle if the factory warranty has expired at the time of sale.
- **Start of Certified Limited Warranty Coverage:** At expiration of the Honda New Vehicle Limited Warranty, or from the date of sale of the Honda Certified Pre-Owned Vehicle if factory warranty has already expired.

This Limited Warranty Is Given in Addition to Any Other Applicable Honda Limited Warranties.

The Honda Certified Pre-Owned Vehicles Limited Warranty is offered in addition to, and separate from, all other Honda limited warranties offered by Honda for any other Honda product, including, but not limited to, Honda new vehicles, and commences only when the existing New Vehicle Limited Warranty has expired, except for the Emission Limited Warranty (State or Federal), the Rust Perforation Limited Warranty and the Seat Belt Limited Lifetime Warranty, which may continue concurrently with the Honda Certified Pre-Owned Vehicle coverage until such supplementary coverage ends. Please refer to the applicable Honda Warranties booklet (in effect at the time of your vehicle's delivery to the original retail purchaser) and other warranties which may apply to your vehicle. This Honda Certified Pre-Owned Vehicle Limited Warranty is separate from and does not extend the length of any existing new Honda vehicle or other Honda product limited warranty or provide any additional rights to you under federal, state or local laws or regulations governing new-vehicle or other product warranties or sales.

A Quick Reference to Warranty Coverages

This is a brief summary of the warranties covering your Honda Certified Pre-Owned Vehicle. Please refer to the

individual warranties booklet for a full description of each warranty's coverage and limitations.

Coverage on Your Vehicle

Powertrain Coverage

The Honda Certified Pre-Owned Vehicle Limited Warranty provides powertrain coverage for 7 years*/100,000 total odometer miles (whichever occurs first).

Non-Powertrain Coverage

For Vehicle Purchased Within New Vehicle Limited Warranty Period

The Honda Certified Pre-Owned Vehicle Limited Warranty provides non-powertrain coverage for 1 year/12,000 miles to 4 years*/48,000 miles† (whichever occurs first).

Non-Powertrain Coverage

The Honda Certified Pre-Owned Vehicle Limited Warranty provides non-powertrain coverage for 1 year**/12,000 miles‡ (whichever occurs first) starting from the date of Certified Pre-Owned Vehicle delivery to the buyer.

* From original in-service date.

† Based on odometer miles.

** Starting from date of Certified Pre-Owned Vehicle delivery to the buyer.

Limited Warranty Coverage

Transfer

Upon the sale of the vehicle (private-party to private-party), this warranty is transferred and coverage is afforded to the new owner for the **balance** of the 12 months or 12,000 miles (7 years/100,000 total odometer miles on the powertrain), whichever occurs first. **The American Honda Warranty Department should be notified of any change in ownership.**

A warranty-transfer card (attached to this Honda Certified Pre-Owned Vehicle Warranty Booklet) must be completed and sent to American Honda Motor Co., Inc. (American Honda) to effect the warranty transfer.

Honda will repair or replace any part covered by this warranty that is defective in material(s) or workmanship under normal use (see *Proper Operation on page 6*) for 12 months or 12,000 miles (whichever occurs first), after the New Vehicle Limited Warranty expires, or from the date of sale if the New Vehicle Limited Warranty has expired at the time of purchase and 7 years or 100,000 total odometer miles (whichever occurs first) on the powertrain (see *What Is Covered on page 10*). The 7-year/100,000-total-odometer-mile (whichever occurs first) powertrain coverage originates on original in-service date.

Proper Operation

With proper use and regular maintenance, a Honda Certified Pre-Owned Vehicle can reward the owner with years of reliable service and low operating costs.

Proper operation means using the vehicle as it was intended. Honda passenger vehicles are designed to transport people and cargo on paved roads within the legal speed limit:

- Four-wheel-drive vehicles may be used off-road, but the driver must always use good judgment when determining appropriate speeds for the terrain and conditions.

- Honda vehicles require unleaded gasoline of the proper octane number (Anti-Knock Index). Always use an unleaded gasoline of the proper octane number (Anti-Knock Index). See your vehicle's owner's manual for more information.

- Exceeding the vehicle's load limit (too much weight, either carried or towed) puts excess strain on the engine, brakes and other components and should be avoided.

See the owner's manual for gasoline recommendations and where to find the load-limit label on each vehicle.

Maintenance

You should check the engine oil and radiator coolant levels each time you fill the gas tank. This protects the vital systems of your Honda, and may help you discover potential problems.

Always maintain your Honda as suggested by the Maintenance Minder™ system (refer to your owner's manual). The services and mileage intervals suggested by the Maintenance Minder™ should never be exceeded; they are essential to trouble-free operation. Parts that fail due to improper maintenance are not covered by this Limited Warranty.

Additional maintenance may be required if you operate your vehicle under severe driving conditions. See your original owner's manual for the maintenance schedule for severe conditions.

The people at an authorized Honda dealer are fully trained and equipped to efficiently perform scheduled maintenance on your Honda. However, service at the dealer is not mandatory for continued warranty coverage.

Maintenance (cont.)

If you regularly take your vehicle to an authorized Honda dealer for scheduled maintenance, the dealership will know its history if you need to make a warranty claim. If someone else has been performing the maintenance, the dealer may ask for evidence that you have properly maintained the vehicle. This evidence may consist of one or more of the following:

A Maintenance Record (such as the one in this booklet) showing the odometer mileage and date for each service. Each entry in this record should be signed by a person who is qualified to service motor vehicles.

Copies of repair orders or other receipts that include the odometer mileage and date that the vehicle was serviced. Each receipt should be signed by a qualified automotive-service technician.

A statement that you completed the maintenance yourself, showing the odometer mileage and date you did the work. Receipts for the replacement parts (fluids, filters, etc.) should accompany this statement.

- **NOTE:** As an aid for the next owner, keep all maintenance receipts with the vehicle if it is sold.

How to Get Honda Certified Pre-Owned Vehicle Warranty Service & Towing

Warranty Service

For warranty service, you should take the vehicle (along with the Certified Warranty Card) to an authorized Honda dealer during normal business hours.

Towing

If the vehicle cannot be driven, you should contact the nearest Honda dealership to discuss towing options. Towing is covered if the breakdown is caused by a failure of a covered part (see *What Is Covered* on page 10).

Emergency or Component Repairs

Normally, you must take your vehicle to an authorized Honda dealer for warranty repairs.

In case of an emergency, if that is not practical, you must obtain prior authorization by calling toll-free **1-800-999-5901** before **incurring repair costs.**

Honda recognizes that your vehicle could develop a serious problem needing immediate repair at a facility other than an authorized Honda dealer. Please contact **1-800-999-5901** for specific instructions and authorization. Honda will reimburse you for the repair if the repair would normally be covered by the limited warranty in this booklet. You must give authorization to the repair facility for tear-down to diagnose a problem. If the mechanical breakdown is determined to be covered by this limited warranty, American Honda will pay the reasonable cost of tear-down as a part of the covered mechanical breakdown, as determined by American Honda.

If you are ever dissatisfied with a warranty service or decision from an authorized Honda dealer, please refer to "Customer Satisfaction" in this booklet.

Any authorized Honda dealer can handle reimbursement for **covered** emergency repairs. Customers must show a

copy of paid receipt(s) and failed part(s) to your servicing Honda dealer Service Department. Your dealer will submit your claim for reimbursement to American Honda. Upon approval by American Honda, the dealer will reimburse the customer for the part(s) at the current manufacturer's suggested retail price. The customer will be reimbursed for the labor at a geographically appropriate labor rate at American Honda's manufacturer's flat-rate time.

If the vehicle develops a serious problem requiring immediate repair at a facility other than an authorized Honda dealer, American Honda will reimburse for that repair if all of the following conditions are met:

- The repair would normally be covered by this warranty.
- There were no authorized Honda dealers within 50 miles of the breakdown or local dealerships were closed at the time.
- The vehicle was immobile, or attempting to drive would cause further damage or be unsafe.
- Prior authorization is required before any repairs are performed.
- Parts will be reimbursed at Honda-suggested retail prices.
- Labor hours will be reimbursed at Honda factory warranty flat-rate times.

Traveling or Relocating Warranty Coverage (Outside the United States)

Vehicles purchased from an authorized Honda dealer in the U.S. are designed to meet U.S. government safety and emissions specifications. Other countries may have different standards.

Getting a U.S. vehicle serviced in another country may be difficult, even if taken to an authorized Honda dealer. These dealers may not have the parts suitable for a U.S. vehicle. The owner should keep in mind the following guidelines if he or she plans to relocate or travel outside the United States:

Prior to departure, Honda's Automobile Customer Service is a key resource that can:

- Provide information on Honda distributors in the area that the owner plans on traveling to.
- Check the vehicle's history and inform the owner of any campaign or recall repairs that need to be completed.
- Provide a certification letter stating that the vehicle was manufactured to comply with all U.S. emissions and Federal Motor Vehicle Safety standards applicable to its model year.

If the owner is planning to take the Honda vehicle outside the U.S., they can:

- Contact the tourist bureaus in the areas the owner will be traveling to find out about the availability of unleaded gasoline with proper octane rating for the vehicle.
- If the owner plans to export and register their Honda in another country, they should contact the vehicle-import agency in that country to determine requirements, as Honda does not have that information.
- If unleaded gasoline is not available, the owner should be aware that using leaded gasoline in the Honda vehicle will affect performance and fuel mileage, and damage its emissions controls. It will no longer comply with U.S. emissions regulations, and will be illegal to operate in the United States.
- To bring the vehicle back into U.S.-emission compliance requires the replacement of several components, such as the oxygen sensors and three-way catalytic converter. These replacements are **not** covered under this warranty.

- Covered parts damaged as the result of the failure of a non-covered part.
- Continued operation of your vehicle after a mechanical breakdown has occurred, when such use leads to consequential damage.
- Any mechanical breakdown resulting from engine over-revving; overheating; hydro-lock; contaminated fluids or lubricants; varnish; sludge; carbon buildup or deposits; improper programming; improper adjustments; consequential damage resulting from negligence, error, omission, improper installation/repairs, or servicing on the part of any servicing dealer, repair facility, or individual.

- Damage resulting from improper fluid levels, or the use of any fuels, fluids or lubricants other than those specified by Honda.
- Environmental or external causes such as: collision; fire; theft; vandalism; war; riot; explosion; volcanic eruptions; earthquakes; storms; floods; lightning; windstorm; firestorm; hail; sand; ice; freezing; hurricanes; tornados; tsunamis; seiche waves or other acts of Nature; rust; corrosion; water intrusion; water leaks; acid rain; fallout; salt; tree sap; or exposure to the elements or any other cause beyond the reasonable control of the parties.

- If you fail to provide verifiable maintenance records pertaining to covered parts that require routine maintenance, and which sustain a mechanical breakdown.
- If the vehicle's odometer has been altered, disconnected or otherwise inoperable so that it is impossible to determine the vehicle's actual and true mileage.

- If for any reason the vehicle's factory warranty has been voided by American Honda.

American Honda disclaims any responsibility for loss of time or use of the parts or the vehicle in which the parts are installed, transportation or any other incidental or consequential damage. Any implied warranties, including the implied warranty of merchantability and fitness for a particular purpose, are limited to the duration of this written limited warranty. These limitations may not apply to the vehicle because some states do not allow limitations on how long an implied warranty lasts, or they may not allow exclusions or limitations of incidental or consequential damages.

American Honda will make the final decision whether to repair or replace any existing part or assembly. American Honda may use factory-remanufactured parts, or parts of like kind and quality, rather than new parts, for some warranty repairs. The replaced or repaired parts are covered only until this Honda Certified Pre-Owned Vehicles Limited Warranty expires. Parts replaced under this warranty become the property of American Honda.

This limited warranty gives you specific legal rights. You may also have other rights that vary from state to state.
